PRODUCTS

Our business operations consist of three parts as follows:

1. Petroleum products.
2. Polymer and petrochemical products.
3. Chemical products.

Vectal Oil Company has been operating in the field of oil and oil derivatives since 2010 . Vectal Oil Company is a reputable and well-known company in the field of international oil trade and is active in a wide range of oil derivatives and plays a decisive role in the development of oil exports to Iran and Iraq. Our company is one of the top exporters of oil and petrochemicals and has been accepted as one of the most reputable sellers of these products in the Middle East.

The oil and petrochemical sector is the most important sector of the Iranian and Iraqi economies. The goal of our senior management is to increase national production by taking advantage of the country's production capacity and increase and enhance its strengths through the sale and export of Iranian and Iraqi products. The company's mission is to implement macroeconomic policies , which are decided by the company's board of directors and stakeholders by increasing the level of national production and marketing of Iraqi products and using the country's full capacity by increasing its sales and exports.

Countries to which Vectal Oil Company has exported bitumen:

Uzbekistan, Turkmenistan, Afghanistan, Pakistan, Turkey, Armenia, Georgia, UAE, Qatar, Kuwait, Oman, Bahrain, China, Kenya, Sudan, Brazil, Ukraine, Greece, Spain, India.
